

De Key (basic, dorm-style) Student Housing

Location

All De Key housing buildings are at prime locations in Amsterdam's historical centre, close to convenient amenities and approximately 15 – 20 minutes from the University of Amsterdam's Roeterseiland campus by public transport or bike. These buildings are exclusively reserved for international students studying at the UvA, making it a fun, safe, and secure place to stay.

Building

Students in the same programme are placed in the same building or as close to each other as possible.

Each building has

- a free laundry facility with washers & dryers
- a Common Room (with a TV and lounge area)
- a Summer RA (Resident Assistant)

The Summer RA is a student from the UvA and is your first point of contact to address any housing issues and make you feel welcome. The Summer RA is available by email and phone (a few nights per week) to help solve minor issues and in case of an emergency.

Rooms

The majority of rooms are single rooms* (no roommate) with a shared kitchen and bathroom. The kitchen and bathroom are shared between 2 – 3 people (maximum).

All rooms are furnished with a single bed, chair, and desk. Students will be provided a bedding/linen packet that they can keep at the end of the programme. Towels are not included in this packet. Every room has internet access via Ethernet (**NO WIFI** in the rooms, bring an Ethernet cable).

* In the case that there is a shortage of single rooms, shared rooms will be used. Shared rooms are shared with one student of the same sex. Shared rooms will also share a kitchen and a bathroom between 2 – 3 people (maximum).
